TOXIN ADVANCED MASTERCLASS

Sunday 16 February 2025 | 08:30 - 13:00

The advanced toxin session is ideal for doctors who have done a basic Toxin course or have been injecting for a while and would like to advance their skills. This will be an interactive clinical day with ample opportunity to ask your burning Toxin questions. We will cover detailed anatomy of the facial muscles, with a focus on the lower face. Toxin injection points for the lower face will be demonstrated and covered in detail, including peri-oral, peri-nasal, jawline shaping, masseters, neck bands, and glands. Approaches to Hyperhidrosis, migraines, and facial asymmetry will also be discussed. The day will culminate with a panel discussion on advanced botox treatments including approaches for facial asymmetry, rosacea, acne, and improved skin quality. Delegates need to have completed a basic Botulinum Toxin course.
